

**YANGSEN ROBOT**  
& IML Solutions

**Wotboy Roto (IBM) Injection Blow Moulding Machine For LED Bulb & Baby Feeder**

**Leshan**  
Blow Moulding Machine

**HUARE**  
Industrial Chillers

**MEGA** PET Blow  
Moulding Machine

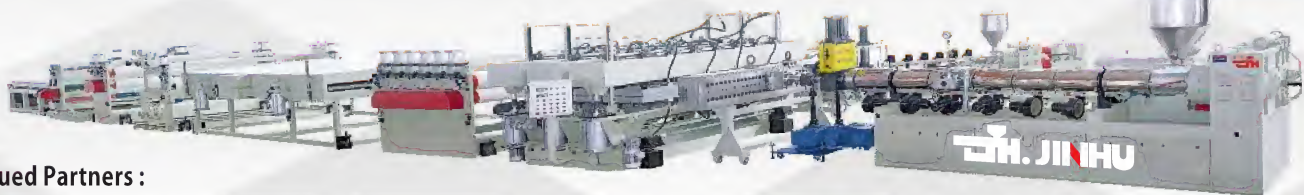

**HI TECH** LASER  
Printing Solutions.

**HUARE**  
Crushers & Auxiliaries

**SCR** SCREW  
Air Compressors

Our Valued Partners :

### FOCUSED AND SPECIALIZED :

- UVA Servo Hybrid Injection Molding Machines.
- JINHU Pipe, Profile & Sheet Board Extrusion Equipments.
- HUARE Quality Chillers, Granulator & Auxiliary Machinery.
- YANGSEN Robot & IML Solutions ( in Mould Labeling ).
- LESHAN Innovative Blow Molding Solutions.
- SCR High Quality Screw Air Compressors Range.
- Latest Design Quality Moulds Range.
- Advanced Laser Printing Solutions.

**UVA甬华 SERVO HYBRID  
INJECTION MACHINES**  
( Since 1985 )

**UVA甬华**  
NINGBO TONGYONG PLASTIC  
MACHINERY MANUFACTURING CO.,LTD  
ESTABLISHED IN  
**1985**

**UVA甬华**  
&  
**JSW**  
PARTNERSHIP  
Since  
**1995**

**UVA甬华** is Specialized in all Types of Quality Innovative Injection Molding Machines ( with value added features ).  
( few latest models are listed below )

➤ Servo Hybrid PP, PS, PC, ABS & PVC  
Special Injection Molding Machines

➤ High-Speed Thin Wall Lunch Box  
Dedicated Injection Molding Machines

➤ Full Electric Injection  
Molding Machine

➤ IML Supported Servo Hybrid  
Injection Molding Machines

➤ High-Speed Plastic Basket Series  
Injection Molding Machine

➤ Servo Hybrid PET Special  
Injection Molding Machine

**JINHU EXTRUSION  
EQUIPMENTS**  
( Since 1986 )

**JINHU PIPE, PROFILE, & SHEET BOARD EXTRUSION EQUIPMENTS :**

- *PVC Foamed Skinning Board Production Line.*
- *PVC Crust Foamed Plate Production Line.*
- *PVC Free Foamed Sheet Board Production Line.*
- *PVC Edge Banding Production Line.*
- *PVC Profile Extrusion Line.*
- *PVC Plastic Wood Door Panel Extruding Production Line.*

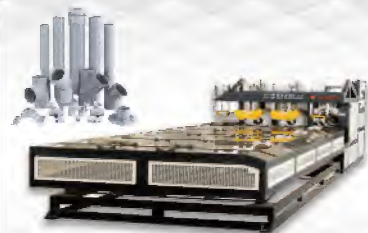

➤ *PE, PP Pipe Extrusion Line ( 16-2000mm )*

➤ *PVC Pipe Extrusion line ( 16-2000mm )*

- *Sheet Production line ( PC,PMMA,PS,MS )*
- *Multi - layers Composite Sheet Production Line.*
- *PP, PE Board Production Line.*
- *PMMA Transparent Sheet Production Line.*
- *PC, PE Hollow Profile Board Production Line.*
- *ABS Single Layer, multi-Layers Composite Sheet Production Line.*

➤ *PVC Pipe Automatic Belling Machine*

➤ *Powerful Shredder & Crusher*

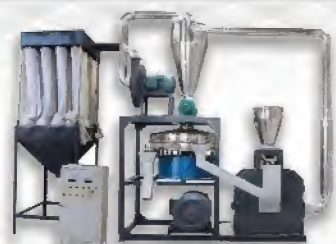

➤ *Conical Twin Screw And Barrel*

➤ *High Quality Extruders*

➤ *High Speed PVC Hot & Cool Mixer With Hot Oil & Dust Recycling System*

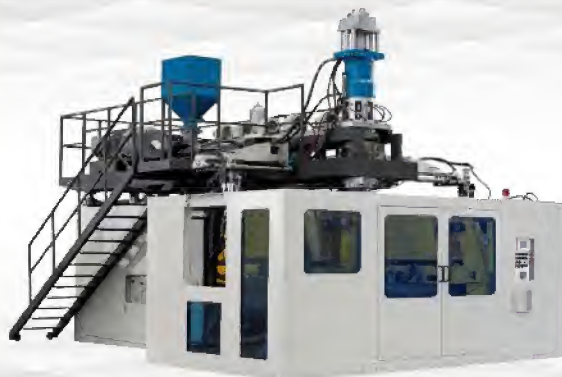

➤ *Powerful PVC Pulverizer*

**INNOVATIVE EXTRUSION BLOW MOULDING SOLUTIONS :**

**Leshan B-SERIES**

**B ( Big ) Series (Accumulator & Single Station )**

- Suitable For Producing Chemical Barrel, Pesticides Bucket, Fuel Tank, Water Tank, etc.
- The Whole Machine Frame is Welded With Steel Parts, Durable and non Deforming.
- Various Function, Simple operation.
- Delicate Processing Of the Dia Head By Use Of Imported Machining Centers From Japan.

**Leshan U-SERIES**

- Fast Speed & Low Energy Consumption, Can Work With PE, PP, EPV And So on.
- Siemens HMI Touch Screen And Computer, The Operation is Convenient And Fast.
- Machine Equipped With Exclusive Screw & Dia Heat, Suitable for different Requirements.
- Clamping Force More Strong & Balance, The Pneumatic, Hydraulic System & Electrical Control Components use famous Brands All over the World, Service Life is long.

**Leshan K-SERIES (ECONOMIC )**

- Low Power Consumption, Simplified Parameter Setting.
- Working mode for K Series: Manual, Semi-automatic or Automatic are Available.
- Using World-Known Reliable Brand Components.
- Preceies Dia Head, Hot Melt Plastics Flows Smoothly Inside the Channel, No Dark Spot & Optimized Hydraulic System, Carriage movement is Smooth and Fast.

Global Customers Ref :

Mobil

ESSO

P&G

# HUARE AUXILIARY MACHINERY ( Since 1998 )

## INDUSTRIAL CHILLER & MOLD TEMP CONTROLLER:

➤ Industrial Chillers

➤ Screw Type Industrial Chiller

➤ Mould Temperature Controller

## GRANULATORS, PIPE & PROFILE CRUSHERS & SHREDDER:

➤ HNS Series Granulator

➤ HSS Granulator & Vacuum System

➤ HSP Pipe Material Granulator

## AUTO LOADERS, DEHUMIDIFIER, HOPPER DRYERS, MIXERS:

➤ HAL Vacuum Auto Loader

➤ Hopper Dryer & Auto Loader

➤ HAL Vacuum Auto Loader

➤ Metering Screw Dosers

➤ European Design Dehumidifier

➤ Plastic Color Mixer

# SHANGHAI SCREW AIR COMPRESSORS

RELIABILITY . DURABILITY . EFFICIENCY  
( Since 2000 )

## SHANGHAI High Quality Screw Air Compressors Range:

### ► PM Series With Invertor ( 30 to 100HP )

- High Efficiency Aired, 10% Better Than With Any Brand.
- Using Large Diameter Rotors Allow Higher Efficiencies Even At Low Rational Speed, Reduced Noise, Extended Longevity, Special Duel Housing Oil Cooling IP-65 Motor Is SCR Specialty.
- PM Motor Efficiency Is Even Higher Then IE-3 Premium Motor.
- PM Motor Using High Performance Magnet Material, It Prevent Demagnetistion & Cool Throughout The Speed.
- Bearing Free Operation, Grease Free Maintenance, 1:1 Coupling, Without Transmission Losses, Further Low Noise, Low Vibration.

### ► PM Series With Invertor + Tank ( 10-20 HP Only )

- Latest Oil Cooled IP-65 Permanent Motor With Increased Efficiency Over An IE 3 Motor.
- Motor Has a High Operating Temperature 180 Degree To Ensure Any Demagnetization Doesn't Occur. Low Energy Package Power.
- PM having wide operating band from 25% to 100% speed.
- PM series is most efficient machine with Constant Pressure, Ultra-Quiet feature as well as Low Operating Noise of 68db(A).
- All Components Easily Accessible for Maintenance, Energy Saving of 40% with world class certification.

### ► SCR M & D Series (10 to 100 HP )

- High Efficiency Air end, Increases Efficiency 5% to 10%.
- German Engineered Transmission Belts.
- SCR Machines Design According To CE & UL Safety Standards.
- Using Large Diameter Rotors Allow Higher Efficiencies Even At Low Rational Speed, Reduced Noise, Extended Longevity, Special Duel Housing Oil Cooling IP-65 Motor Is SCR Specialty.
- Triple Lip Shaft Sealing Comb with Oil Recovery System (Leak Free Design).
- Bearing Free Operation, Grease Free Maintenance, 1:1 Coupling Without Transmission Losses, Further Low Noise, Low Vibration.

### ► Others World Class Models According To Different Applications:

**SCR EPM & H Series**

- For Dusty & Poor Environment
- Latest PLC & Programing

**SCR DV- Series**

- High Efficiency AIREND ,With Variable Frequency Motor & Vector Control Technology

**SCR LBPM Low Pressure Series**

- Specially Design PM Motor, More Energy Saving & Intelligent Touch Screen

**SCR XA & G- Series**

- Oil Free AIREND (Original GERMAN) High reliability, Dry oil free Technology

### Global Customers Ref :

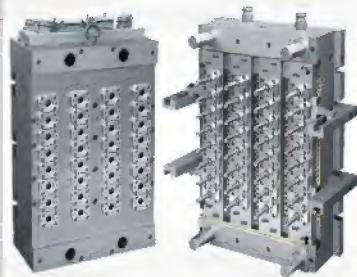

## LATEST TECHNOLOGY MOLDS, ADVANCE LASER SOLUTIONS & OTHER EXPERTISE

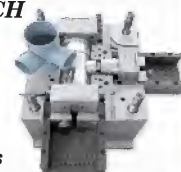

Let's Create Your  
GROWTH STRATEGY  
TOGETHER

### LATEST DESIGN, INNOVATIVE MOULDS EXPERTISE:

- **Why HI TECH LASER INNOVATIVE MOULDS.**
- *Because We have Latest Manufacturing Technology, Optimal Mold Design, Precision tooling, Great Surface finishing, Dedicated Quality Molds Suppliers For Different types of Products in China, HI TECH Is Assured Quality, Reliability & Durability.*
- *Because we offering Local ,Sales, Support & Technical resources*
- *Because we are Serving with Local Warranty of all Molds*
- *Because we have Dedicated Qualified & Experienced Dies & Molds Engineers with Prompt Support all Over Pakistan as well as Afghanistan.*
- *Because We Have Several Customers References in Pakistan.*

### ADVANCED LASER PRINTING SOLUTIONS

( FOR PAPER, PLASTIC & METAL PRODUCTS: )

- **Why HI TECH LASER PRINTING SOLUTIONS.**
- *Because we have #1 installed base of laser printer solutions in Pakistan.*
- *Because best Quality laser source that's why offer extended warranty.*
- *Because we have biggest stock of laser printer and their spare parts.*
- *Because we are clearly understanding the value of after sales & services.*
- *Because we have dedicated laser support team for prompt services.*
- *Because we can facilitate to our customers on laser printers & all parts with very reasonable prices after warranty.*
- *Because we promptly Support all over Pakistan as well as Afghanistan.*
- *Because we can offer a complete package of service level agreement after warranty period as well.*
